plete understanding was established on the expediency of naval demonstration. Negotiations on the Montenegrin question are perfectly distinct to those in regard to the Turco-Greek frontier.

Later negotiations will enter a more active phase when the Porte has replied to the collective note. If the reply be negative it is considered probable that the mayal demonstration will aim at a settlement of the Greek as well as the Montenegrin question. Anabassadors at Constantinople are making great efforts to induce the Rate of State of the control of the Rate of State of the Rate of State of the Rate of Rat
